Representative, Jim Shaw was present to answer questions regarding a green energy letter he had sent to the Commissioners for signatures. The letter calls out federal government for bribing energy companies to wreak havoc on the beauty of our landscapes by offering federal subsidies, and calls the Commissioners to reject any attempts to construct industrial wind and solar complexes in House District 32 and commit themselves to fight alongside their constituents. Miller explained that he will stand by his decision to protect his constituents' property rights. Fine made a motion to sign the letter. While Doolen errs on the side of private property rights, he seconded the motion due to what he believes is an overstep of the federal government. Doolen and Fine voted aye. Miller voted nay.
